Subject index

Adolescents, attitudes, community presence, 246
Affective psychosis, diagnosis, Prader–Willi syndrome, 463
Ageing
  deinstitutionalization, quality of life, 112
  epilepsy, fractures, 429
  fractures, epilepsy, 429
  leisure participation, social interaction, 122
  quality of life, deinstitutionalization, 112
  social interaction, leisure participation, 122
Aggression, self-concepts, stress, 360
Antipsychotic medication, psychiatric diagnosis, autism, 49
'As required', challenging behaviour, neuroleptics, 500
Asperger syndrome
  autism, clumsiness, 43
  clumsiness, autism, 43
  comorbidity, psychiatric disorders, 279
  psychiatric disorders, comorbidity, 279
Attitudes, community presence, adolescents, 246
Autism
  antipsychotic medication, psychiatric diagnosis, 49
  Asperger syndrome, clumsiness, 43
  chromosome 15q11–13, 259
  chromosomes, pervasive developmental disorders, 8
  clumsiness, Asperger syndrome, 43
  emotion perception, fragile-X syndrome, 490
  fragile-X syndrome, emotion perception, 490
  pervasive developmental disorders, chromosomes, 8
  psychiatric diagnosis, antipsychotic medication, 49

Subject Index

Behaviour problems
  Down's syndrome, maternal stress, 228
  dual diagnosis, psychology services, 307
  maternal stress, Down's syndrome, 228
  psychology services, dual diagnosis, 307
Burnout, support workers, role clarity, 409

Caregivers
  community care, Williams syndrome, 238
  epilepsy, Epilepsy Outcome Scale, 90
  Epilepsy Outcome Scale, epilepsy, 90
  rewards, stress, 58
  stress, rewards, 58
  Williams syndrome, community care, 238
Carer distress, psychological adjustment, respite care, 218
Challenging behaviour
  'as required', neuroleptics, 500
  neuroleptics, 'as required', 500
  physical intervention, 434
  residential situations, Wales, 375
  service evaluation, Wales, 390
  Wales
    residential situations, 375
    service evaluation, 390
Checklist of Challenging Behaviour, Psychopathology Inventory for Mentally Retarded Adults, dual diagnosis, 273
Chromosomal aberration, contiguous gene syndrome, fragile-X syndrome, 137
Chromosome 15q11–13, autism, 259
Chromosome 22q11 deletion, velo-cardio-facial syndrome, schizophrenia, 184
Chromosomes
  autism, pervasive developmental disorders, 8
  pervasive developmental disorders, autism, 8
  Prader–Willi syndrome, psychoses, 440, 451
  psychoses, Prader–Willi syndrome, 440, 451
Clumsiness, autism, Asperger syndrome, 43
Community care, Williams syndrome, caregivers, 238
Community presence, adolescents, attitudes, 246
Community-based sample, sleep, night-time behaviour, 154
Community-based settings, environmental characteristics, nursing homes, 418
Comorbidity, psychiatric disorders, Asperger syndrome, 279
Complete monosomy 21, t(5p; 21q), unbalanced translocation, 254
Compulsive Behaviour Checklist, factor structure, Prader–Willi syndrome, 472
Consumer satisfaction, law reform, mental illness, 199
Contiguous gene syndrome, fragile-X syndrome, chromosomal aberration, 137
Cooperative learning, mainstreaming, social acceptance, 29
Coping, SmithMagenis syndrome, stress, 331
Cycloid psychoses, lithium, Prader–Willi syndrome, 455

Deinstitutionalization
  ageing, quality of life, 112
  mental health legislation, sexual abuse, 189
  quality of life, ageing, 112
  sexual abuse, mental health legislation, 189
Dementia, Down's syndrome, maladaptive behaviour, 293
Diagnosis, Prader–Willi syndrome, affective psychosis, 463
Diogenes' syndrome, mental illness, dual diagnosis, 316
Disability Assessment Schedule, follow-up, long-stay clients, 131
Dominance, visual behaviour, dyadic interaction, 13
